

THE BOOSTER

Jerry Renchler
and
Ronnie Renchler

Dedication

We, the staff of the 1959 BOOSTER, proudly dedicate this annual to the citizens of this community who help make possible the fine education that each boy and girl receives. They have been effective in giving every student greater opportunities for learning so that he will be better prepared to go forward into the future. Without the untiring patronage and munificence of these people, it would not be possible to have the school that we have today. We sincerely wish to extend a token of appreciation to those individuals who have so unselfishly given of their time and efforts to the interests and advancements of Hampshire High School.
